

Safety Data Sheet

TRI-C PINE BAR SOAP

Date Issued: 04/03/2024

Last Reviewed: 04/03/2024

SECTION I: IDENTIFICATION

Product Identification

Product Name:	TRI-C PINE BAR SOAP
Product Number:	13655-3
Brand:	Tri-C Club Supply

Recommended Uses and Restrictions on Use

Recommended use:	Skin Cleansing
Restrictions on use:	For external use only

Manufacturer Details

Name:	Commonwealth Soap & Toiletries
Address:	537 Quequechan St. Fall River, MA 02721
Telephone:	(508) 676-9355
Fax:	(774) 676-9430

Emergency Phone Numbers

For assistance within 24 hours business call (508) 676-9355	For immediate assistance call your local emergency services
---	---

This product is regulated under the Food, Drug & Cosmetic Act in the US and by Health Canada in Canada. SDSs are not required for this type of product. The following information is provided in SDS format to provide customers with useful information they may need for certain training and safety programs.

SECTION II: HAZARDS IDENTIFICATION

Emergency Overview

This product may be mildly irritating to eyes.

GHS Classification & Label Elements

Eye Irritation, Category 2B

Hazard Statement

H320: Causes eye irritation.

Exposure

Routes of exposure:	Eye contact, Ingestion
Response:	P305+P351+P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P337+P313: If eye irritation persists: Get medical advice/attention

SECTION III: COMPOSITION

Information on Regulated Ingredients

The ingredients in this product are in compliance with FDA regulations and are listed on the product label.

Ingredient	Concentration	CAS no.	Limit
Water	Concentration		≤ 10.00% (weight)
	CAS no.	7732-18-5	
Glycerin	Concentration		≤ 7.00% (weight)
	CAS no.	56-81-5	
Sodium Chloride	Concentration		≤ 1.00% (weight)
	CAS no.	7647-14-5	
Pentasodium Pentetate	Concentration		≤ 0.05% (weight)
	CAS no.	140-01-2	
Chromium Oxide Green	Concentration		≤ 0.015% (weight)
	CAS no.	1308-08-9	
Ultramarine Blue	Concentration		≤ 0.010% (weight)
	CAS no.	57455-37-5	

SECTION IV: FIRST-AID MEASURES

Description of Necessary First-aid Measures

Eye contact:	Flush immediately with room temperature water. Remove contacts if present and easy to do. If irritation persists, seek medical attention.
Ingestion:	May cause mild irritation to mouth, throat, and stomach if ingested. If vomiting occurs naturally, have victim lean forward to reduce the risk of aspiration. Do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. Contact Poison Control Center.

SECTION V: FIRE FIGHTING MEASURES

Suitable Extinguishing Media

Product is not flammable.

Fire Hazards

Specific Hazards:	Not applicable
Unusual Hazards:	Not applicable
Specific Methods:	Not required

Special Protective Equipment for Firefighters

As in any fire, wear self-contained breathing apparatus, pressure-demand, MSHA/NOISH approved, and full protective gear.

Unsuitable Extinguishing Media

No information available

Flammability Limits in Air

Lower:	Not Established
Upper:	Not Established

SECTION VI: ACCIDENTAL RELEASE MEASURES

Personal Precautions, Protective Equipment, and Emergency Procedures

Manufacturing sites:	See Section 8 for information on Personal Protective Equipment.
Distribution, Workplace, and Household settings:	Not applicable

SECTION VII: HANDLING AND STORAGE

Precautions for Safe Handling

Manufacturing sites:	See Section 8 for information on Personal Protective Equipment.
Distribution, Workplace, and Household settings:	Do not swallow

Conditions for Safe Storage, Including Incompatibilities

Manufacturing sites:	To preserve the product, keep containers closed and in dry places. Keep out of reach of children. Store away from incompatible materials. See Section 10 for information on Incompatible Materials.
Distribution, Workplace, and Household settings:	To preserve the product, keep in dry places. Keep out of reach of children.

SECTION VIII: EXPOSURE CONTROLS/PERSONAL PROTECTION

Occupational Exposure Limits

Glycerin (CAS: 56-81-5)	TWA (Inhalation): 15 mg/m ³ ; USA (OSHA) USA. Occupational Exposure Limits (OSHA) Table Z-1 Limits for Air Contaminants
-------------------------	--

Appropriate engineering controls	
Manufacturing Sites:	Use ventilation adequate to keep exposures (airborne levels of dust, fume, vapor, gas, etc.) below recommended exposure limits.
Distribution, Workplace and Household Settings:	Not normally required.
Individual protection measures, such as personal protective equipment (PPE)	
Eye/face protection	Not normally required.
Skin protection	
<u>Manufacturing Sites:</u>	Wear protective gloves, such as nitrile gloves.
<u>Distribution, Workplace and Household Settings:</u>	Not normally required.
Body protection	
<u>Manufacturing Sites:</u>	Wear suitable protective clothing.
<u>Distribution, Workplace and Household Settings:</u>	Not normally required.
Respiratory protection	Not required under normal use conditions. If engineering controls and ventilation are not sufficient to control exposure to below the allowable limits then an appropriate NIOSH/MSHA approved air-purifying respirator with organic vapor/acid gas cartridge and particulate filter, or self-contained breathing apparatus must be used. Supplied air breathing apparatus must be used when oxygen concentrations are low or if airborne concentrations exceed the limits of the air-purifying respirators.
Thermal Hazards:	No data available
Environmental Exposure Controls:	No data available

SECTION IX: PHYSICAL AND CHEMICAL PROPERTIES

Physical state:	Opaque Solid	Vapor density:	No data available
Color:	Forrest Green	Specific gravity:	No data available
Odor:	Pine	Water solubility:	Soluble in water
pH:	8.0-10.0	Solubility in other solvents:	No data available
Melting point/freezing point:	No data available	Partition coefficient:	No data available
Boiling point/boiling range:	No data available	Autoignition temperature:	No data available
Flash point:	No data available	Decomposition temperature:	No data available
Evaporation rate:	No data available	Kinematic viscosity:	No data available
Flammability (solid/gas):	No data available	Dynamic viscosity:	No data available
Flammability Limit in Air		Explosive properties:	No data available
Upper Flammability Limit:	No data available	Oxidizing properties:	No data available
Lower Flammability Limit:	No data available		
Vapor pressure:	No data available		

SECTION X: STABILITY AND REACTIVITY

Reactivity:	Stable under recommended storage conditions.
Chemical stability:	Stable under normal storage conditions.
Possibility of hazardous reactions:	No reactions known under conditions of normal use.
Conditions to avoid:	None known.
Incompatible materials:	None known.
Hazardous decomposition:	No data available.

SECTION XI: TOXICOLOGICAL INFORMATION

Information on Toxicological Effects

Acute toxicity:	Acute and delayed symptoms and effects from inhalation, skin and eye contact and ingestion are listed in Section 4.
Skin corrosion/irritation:	Not expected from normal use. Discontinue use if any skin irritation occurs and seek medical advice if condition persists.
Serious eye damage/irritation:	Not expected from normal use. Discontinue use if any serious eye irritation occurs.
Respiratory or skin sensitization:	Not expected from normal use. Discontinue use if any irritation or sensitization occurs.
Germ cell mutagenicity:	
Carcinogenicity:	IARC: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by IARC. ACGIH: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by ACGIH. NTP: No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP. OSHA: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.
Reproductive toxicity:	Based on available data, classification data is not met
STOT single exposure:	Based on available data, classification data is not met
STOT repeated exposure:	Based on available data, classification data is not met
Aspiration hazard:	Based on available data, classification data is not met

SECTION XII: ECOLOGICAL INFORMATION

Information on Toxicological Effects

Toxicity:	No data available on product
Persistence and degradability:	No data available on product
Bio-accumulative potential:	No data available on product
Mobility in soil:	No data available on product
Results of PBT/vPvB assessment:	PBT/vPvB assessment not available as chemical safety assessment not required/not conducted
Other adverse effects:	No data available on product

SECTION XIII: DISPOSAL CONSIDERATIONS

Disposal of Product

Manufacturing Sites:	Disposal should be in accordance with applicable Federal, State and local laws and regulations. Local regulations may be more stringent than State or Federal requirements.
Distribution, Workplace and Household Settings:	Diluted product can be flushed to sanitary sewer. Disposal should be in accordance with applicable Federal, State and local laws and regulations. Local regulations may be more stringent than State or Federal requirements.

SECTION XIV: TRANSPORT INFORMATION

DOT (US):	Not dangerous goods
IMDG:	Not dangerous goods
IATA:	Not dangerous goods
HAZCHEM Code:	Not applicable
Marine Pollutant:	Not applicable
UN Number:	Not applicable
UN Proper Shipping Name:	Not applicable
ADG Environmental Hazards:	Not applicable

SECTION XV: REGULATORY INFORMATION

Safety, health and environmental regulations specific for the product in question

US Federal

The product described in this Safety Data Sheet is regulated under the Federal Food, Drug, and Cosmetics Act and is safe to use as per directions on container, box or accompanying literature (where applicable).
